

Employability Lead - Development Team-

Maternity Cover for 12 months from start date.

Reporting to: Development Director

Main Purpose: To provide In Work Support to autistic employees working in organisations within London as well as training and support for internal participants moving into employment and employer training as needed.

You will work with: Development Director, Training Lead, employers and the wider CareTrade team.

Working Hours: Full time

CareTrade has a passionate belief 'that employment is the biggest single factor that will transform the life of an autistic person.' **And our vision is** 'a world that embraces neurodiversity where all autistic people can lead purposeful, working lives'

To deliver this our purpose is to...

- Change perceptions of neurodiversity
- Achieve employment opportunities and outcomes for autistic jobseekers
- Raise aspirations and employment skills of autistic people through innovative and person-centred projects
- Engage employers to embrace neurodiversity in their workforces.

Background: CareTrade was founded in 2009 by Katharine Dore OBE and Karen Edwards, parents of autistic sons and vice presidents of Ambitious about Autism. The staff team is highly experienced in supporting autistic adults into the workplace.

The focus of CareTrade's work is to support autistic Londoners to transition successfully into employment and to equip them to lead more independent lives. Our employment projects consist of a combination of real-life work placements, classroom learning and one to one support. Over the past 10 years we have delivered over 350 opportunities and we continue to develop innovative projects to raise awareness amongst employers and give autistic job seekers the tools needed to access employment.

Our ambition is to enable all young Londoners that want to work to be in work.

This is a great opportunity for an enthusiastic person to join our friendly and supportive team and train with us in our organisation.

We especially seek applications from people who are Neurodivergent (such as Autistic Spectrum Conditions, ADHD, Dyslexia, Dyspraxia etc).
